Skills Development Camp

CHALLENGE, LEARN, IMPROVE

Hockey Canada's Skills Development Program was developed in 1997, by the Canadian Hockey Association (CHA), and is now entering into its 12th season. The primary objective of the program is to provide a vehicle for players and coaches to further develop the fundamental skills required to play the game of hockey. This is accomplished through weekend development camps for Atom and Pee Wee aged players. For more camp information please visit our website - <http://www.hockeycanada.ca/7/7/2/6/index1.shtml>
