Constitution, Regulations & Rules of Competition

Revised April 27, 2008

“We dedicate ourselves to the advancement of amateur hockey for all individuals through progressive leadership by ensuring meaningful opportunities and enjoyable experiences in a safe sportsmanlike environment.”

Hockey Manitoba

Message from the President

It is my pleasure, on behalf of the Executive Committee and the Board of Directors, to welcome everyone to another exciting year of Hockey in Manitoba.

Volunteers are the foundation of Hockey Manitoba. Without volunteers, who dedicate hundreds of hours to minor hockey associations, leagues and regional activities, we would not be able to offer the numerous programs and competitions that we provide for our membership. We continue to acknowledge our volunteers through

our “Volunteer of the Month” program, and certainly encourage you to nominate deserving individuals in your respective communities. On behalf of Hockey Manitoba I would like to thank all hockey volunteers for their unselfish commitment to growing the game.

As an organization we are committed to the development of amateur hockey and creating meaningful hockey experiences and opportunities for thousands of members throughout our province. Hockey development programs are a focal point of Hockey Manitoba and player, coach, and on-ice officials development committees, again made up of tireless volunteers, work extremely hard to ensure their successful delivery. Program of Excellence opportunities exist for our midget aged male and female players as well as coaches and on-ice officials. In addition we have the Directors Cup, Female Bantam Challenge, Regional Development Squads, Hockey Canada Skills Camps, Esso Fun Days, and Chevy Safe and Fun Clinics that provide developmental opportunities for our younger athletes. Hockey Manitoba also offers certification, re-certification, supervision and mentorship for our game officials as well as specialty clinics for our coaches. Coach certification, training and mentorship are also a high priority for the branch.

Hockey Manitoba is pleased to announce that Cargill Ltd. will be the official sponsor of our Minor Provincial Championships for the 2008-09 hockey season. In addition to these championships and the city playoffs in 2009, Manitoba will host the Western Female Midget Regional Championships, the Senior Male AAA National Allan Cup (Steinbach) and the TELUS Cup National Midget Championships (Selkirk). Hockey fans will definitely have the opportunity to watch excellent hockey action at all levels and age groups this season.

I am very proud to have the opportunity to serve as your President and I will strive to keep our branch a strong, vibrant and progressive organization. Enjoy the benefits of membership - work hard, play fair and most importantly – HAVE FUN!

Have a Great Season,

Brian Franklin

17. I will teach my players to play fairly and to respect the rules, officials, and opponents.
18. I will ensure that all players get equal instruction, support, and playing time.

19. I will not ridicule or yell at my players for making mistakes or for performing poorly. I will remember that players play to have fun and must be encouraged to have confidence in themselves.
20. I will make sure that equipment and facilities are safe and match the players' ages and abilities.
21. I will remember that participants need a coach they can respect. I will be generous with praise and set a good example.
22. I will obtain proper training and continue to upgrade my coaching skills.
23. I will work in cooperation with officials for the benefit of the game.

REGULATION R4 – HAZING

24. "Any player, team official, executive member or a team, club or association, or any other Hockey Canada member having participated in or condoned any incident of hazing, shall be subject to a suspension of not less than one year, notwithstanding the prescribed minimum suspension of one year, in the event that the Branch would consider that such suspension would create undue hardship given the circumstances, it may impose a lesser penalty if it has received approval from Hockey Canada officers."

HOCKEY'S NCCP – HOW IT WORKS

25. The National Coaching Certification Program is moving to a "streamed approach" where coaches will be provided with educational and certification opportunities appropriate for the players who they are working with. As a result of the streamed approach, not all coaches will begin their program at the same place. Coaches will now have the opportunity to enter into the stream of coaching that is appropriate for the players they coach. Coaches will receive coaching materials that are practical and easy to implement with the players they work with.
26. One of the most important distinctions for this new education/training model is that it is an athlete-centered approach to training coaches. This means that the coaching needs are defined by the needs of the athletes

they are working with. Coaches will receive a “Skills” manual appropriate for the age that they are coaching, as well as a supplementary coach workbook, and a Skills of Gold DVD Series.

Clinic outline:

27. Each coach will be required to complete a pre-task assignment prior to attending the clinic. The pre-task will be readily available to all participants. The task is designed to prepare the coaches for the clinic and provide them with some insight on the expectations for the clinic.
28. The clinic is designed to be delivered in approximately nine hours covering four modules. The clinic will no longer have an on-ice component. The course will conclude with a take home post-task assignment.
29. After the clinics, a Branch representative will forward a copy of the course register form to Hockey Canada and the Coaching Association of Canada. The names are inputted on the National database. Each coach receives a national six-digit number and a card indicating completion of Coach Level.
30. The next level of the program is the Development Stream. The Development Stream is comprised of two courses, the Development 1 and the Development 2. Each course is 18 hours in length. Upon completion of the course, a branch representative will forward a copy of the course register form to Hockey Canada and the CAC. A passport booklet is sent directly to the coach indicating the information above and noting completion of the Development stream.
31. The final stream is the High Performance 1 program. The Branch usually offers this 6 day program in conjunction with the Program of Excellence summer camps every second year. In addition to classroom presentations and group work, a coach must successfully complete a take-home workbook and be formally evaluated during both practices and games.
32. Upon successful completion of the High Performance 1, a Branch representative forwards the course register form to Hockey Canada and the CAC.

Initiation Program

33. Hockey Canada’s Initiation Program covers two modules of instruction designed for those coaching beginning hockey players. Each module con-

sists of 25 lesson plans that follow a defined path of progression. Players moving through this program will improve on both hockey skills and self-confidence.

34. The program emphasizes the basic hockey skills: skating, puck handling, passing and shooting. Each skill is introduced and refined in a progressive “one step at a time” manner.
35. Children learn and develop through participating in practice drills and informal and modified games (such as shinny, freeze tag, and obstacle courses).
36. Although the emphasis is on fun and progressive skill development, the Initiation Program also allows youngsters to experience Fitness, Fair Play, and Co-operation.
37. The overall success of the program relies on the leadership and teaching abilities of the instructors. To assist volunteers, a four (4) hour instructional clinic has been designed to ensure that instructors are fully prepared to present a successful program.

HOCKEY MANITOBA SANCTIONING GUIDELINES

65. A common question heard with respect to the fact that the Hockey Canada Insurance Program only responds to sanctioned hockey activities is: *"What is a sanctioned hockey activity?"*

COACHES INITIAL DUTY

- a) That there are some inherent risks for players, including a remote

- possibility of an accidental catastrophic injury for hockey participants;
- b) That if there is any question of a neck or back injury to a teammate or any player they must not be moved;
 - c) That if you as a player are hurt and your back or neck are painful and you feel any buzzing or tingling in your neck, back, arms or legs then do not move;
 - c) That the potential serious injury may occur as a result of a check from behind and just as you would not like to be hit from behind in this cowardly fashion, this type of check will not be tolerated.
