

**Angela Janz – April 2015
Niverville Clipper Ice Sports (Eastman)**

Angela has spent the last 9 years volunteering in many aspects of Minor Hockey at a community and regional level. She has held various positions such as team manager, safety person, tournament coordinator and coach with her children’s minor hockey teams, as well as executive positions with Niverville Clipper Ice Sports and Eastman Minor Hockey Association.

Angela has always been willing to step up and fill a void in team staff when needed. After having a child in hockey for several years, Angela decided to take another step in her minor hockey participation and volunteered to be Treasurer in her local minor hockey association, in Niverville. She held the position of Treasurer for 6 years, during which time she also held the position of association registrar and helped implement HCR registration in Niverville Clipper Ice Sports. She then resigned from Treasurer and took the position of Secretary for another year. During her last year serving in her local minor hockey association, Angela stepped up to the Eastman Minor Hockey Association as Secretary. After serving one year in this position, she resigned from her local minor hockey executive to focus her time on the ever growing demands of Secretary with Eastman Minor Hockey Association. Angela’s skills in accounting and office administration have been an asset at both the local minor hockey level, as well as the regional level.

Angela is passionate about the game of hockey, which she enjoys as a player as well, and appreciates the people she has had the opportunity to meet and work with in minor hockey.

Hockey Manitoba congratulates Angela Janz as the April 2015 Volunteer of the Month.
