- 5) What is the Most Inspirational Player award?
 - a. The Most Inspiration Player award recognizes and celebrates those actions and behaviors that reflect the values commemorated on the laces and tape in your kit as demonstrated by individual players on your team. It can be awarded after a game, during or after a practice or even after off-ice team activity. The award includes a game puck and customized rubber case that goes around the puck and memorializes the inspirational quality that the player displayed to receive the award. You'll receive 20 pucks and 20 cases – enough for every player on your team to earn the award at least once during the season and then take it home as a permanent reminder of their exceptional action.
