

**Dean Gamache – November 2014
Ste. Rose, MB (Parkland)**

Dean has been coaching minor hockey off and on for nearly 20 years, first in McCreary, then in Ste Rose. He coached in McCreary for several years before he had children and then began coaching in Ste. Rose once his oldest began playing and has coached each of his children since. Dean became the most active in coaching when his youngest daughter started in squirts. Dean has coached her ever since (she is now a first year peewee).

In addition to coaching in Ste Rose, Dean has also become involved in female hockey, putting together female teams for players interested in the Parkland to attend provincials for the last two years. First at the atom level and then at the peewee levels.

Dean has also been an active member of the Ste Rose Minor Hockey Executive for a number of years. He has served as both the Vice President as well as President. He is always on the phone ensuring that rosters are approved, in touch with all of the coaches, referees, etc to ensure things are running smoothly around the rink. Dean has always been the first one in line to volunteer his time to help put in the ice in our home rink. If minor hockey needs it, Dean is there.

Hockey Manitoba congratulates Dean Gamache as the November 2014 Volunteer of the Month.
