Constitution, Regulations & Rules of Competition

Revised January 16th, 2021

“We dedicate ourselves to the advancement of amateur hockey for all individuals through progressive leadership by ensuring meaningful opportunities and enjoyable experiences in a safe, sportsmanlike environment.”

HOCKEY MANITOBA

President, Bert Dow

On behalf of the Hockey Manitoba Board of Directors and staff, I would like to welcome everyone to the 2021 - 2022 hockey season.

It is difficult to characterize the challenges we have all been experiencing over parts of the past two hockey seasons other than to use the oft-repeated term “unprecedented”. The COVID-19 virus has taken a terrible toll on humanity, and we all know that the sport of hockey is only a game but even so it plays an important and significant role in the lives of countless Manitobans and Canadians.

Hockey Manitoba is recognized as the largest Provincial Sport Organization (PSO) amongst the 70 plus sports overseen by Sport Manitoba and the strength and vitality Hockey Manitoba enjoys today is due in part to the ongoing contributions, commitments and investments made by each of our members. Our organization is committed to the continuation of employing the necessary steps so all members can “Return to Play” (RTP) in a safe and positive hockey environment.

In preparing for the 2021 – 2022 season RTP, Hockey Manitoba has worked in coordination with Hockey Canada, Sport Manitoba, the Province of Manitoba and local health authorities to ensure all aspects of our RTP plan are properly executed with the central focus on players, coaches, officials, administrators and volunteers.

Hockey Manitoba recognizes the important role the game of hockey plays in the lives of countless Manitobans therefore, we are eager to resume play, however the health and safety of all participants must remain the number one priority. Please note that the resumption of play may not be linear as restrictions may be required in response to fluctuating numbers of COVID – 19 cases in the province. As a result, our RTP plan will remain fluid and flexible to accommodate the necessary response to the changes within the community transmission as the province reopens and the changes in advice from the Provincial Health professionals.

Hockey Manitoba continues to be a vibrant and healthy organization dedicated to providing meaningful hockey opportunities for thousands of participants within the province. The challenges of delivering the many programs and competitions would be impossible to complete if it were not for the dedication and commitment of the hundreds of volunteers, who deliver the game through their local hockey regions, minor hockey associations and leagues. As the largest and most progressive Sports Governing Body in Manitoba, it remains our primary goal to continue to deliver programs that are safe, structured, and enjoyable, starting at the entry level category through to the elite - for all players, coaches, officials and parents.

This handbook is provided in order to assist all members with clarification, confirmation, and understanding of the Governance of our Branch, which we hope will be helpful.

I am very proud to have the opportunity to serve as your President and I will strive to ensure our branch is focused, vibrant and progressive for the benefit of our entire membership and would like to wish everyone an enjoyable, positive and safe hockey season.

HOCKEY MANITOBA TIMETABLE FOR CERTIFICATION

Coaching Certification Philosophy: Each clinic's content is developed by Hockey Canada and the member Branches (Hockey Manitoba) train learning facilitators to teach & implement the clinic content to coaches. There is NO ladder of pre-requisites to climb and no certification supersedes another; coaches simply follow the specific certification path that is applicable to the age/category of the athlete they are currently coaching as listed in the certification chart.

1. Training/Certification for Coach 1-Intro to Coach, Coach 2-Coach Level, Development 1, Safety and Respect in Sport for Activity Leaders must be obtained on or before December 1st of the current season. Please note: if a member's Respect in Sport for Activity Leaders is scheduled to expire prior to the completion of the current season (May 31st), they are required to re-certify by December 1st of the current season.
2. All coaches/instructors coaching Under-7 teams must specifically complete the Coach 1-Intro to Coach training. Coaches/Instructors coaching Under-9 may have either Coach 1-Intro to Coach or Coach 2-Coach Level training.
3. All coaches within the Intra-Provincial Program must have Coach 2-Coach Level training, see chart for applicable ages/categories.
4. All **head coaches for Under-11, Under-13 and Under-15 male and female teams** will be **REQUIRED** to attend a Hockey Manitoba checking certification clinic by the December 1st deadline. Coaches must complete the 1.5 hour online Hockey University - Checking course prior to registering for their in-person clinic. The clinic format will consist of a 2 hour classroom session followed by 1 hour on-ice. Clinics will be offered throughout the province during the coaching certification period running from October to November. Teams that have not complied with this policy will be subject to the coaching deficiency guidelines (regulation K.9) of the handbook.
5. All Head Coaches coaching Under-15, Under-18, Junior A teams that compete in Interprovincial or National Championships or the highest level as determined by the Branch, must be High Performance 1 Certified. It is recommended that all Assistant coaches be at minimum Development 1 trained. Should a head coach be hired without this certification, he/she has a 3-year window to gain the High Performance 1 certification. The head coach must be working within the training/certification program in an upgrading manner in order to have an exemption under this regulation. Applicable only to head coaches requiring High Performance 1.
6. All head coaches coaching within the Program of Excellence must have High Performance 1 certification with assistant coaches requiring Development 1

certification. All coaches appointed to Canada Winter Games teams require High Performance 1 certification. All certifications must be completed by the time of application to Hockey Manitoba, unless formal arrangements are made with Hockey Manitoba including date of completion.

7. All coaches coaching in the Program of Excellence and all head coaches in the National Championships Program, must attend 8 hours of presentations of a High Performance 1 seminar as an observer, or attend a minimum of 8 hours of another coaching seminar every 4 years. These seminars must be approved by the Hockey Manitoba Athlete Development Committee. The next High Performance 1 seminar will be held in the summer of 2023 and every 2 years thereafter.
8. Any on-ice participant (including team officials) must wear a CSA approved helmet during all Hockey Manitoba sanctioned Minor Hockey activities.

Please Note: On-ice participants in violation of the above regulation (based on written complaint only) will be subject to the following sanctions:

1st offence – Written warning

2nd offence – 1 week suspension

3rd offence – Suspended indefinitely and must attend discipline hearing

It is strongly recommended that all Junior and Senior on-ice participants (including team officials) wear a CSA approved helmet.

9. Associations/Teams will be charged \$50.00 for each rostered team staff that is not properly trained/certified with the Intro to Coach, Coach, Development 1, Hockey Canada Safety Program or Respect in Sport (as indicated in section K.) by December 1st of the current season. *Please note: This fine will be applied to each outstanding certification and must be paid by the Association/Team - payments from individual members will not be accepted.* Team staff requiring Intro to Coach, Coach, Checking Skills or Development 1 training will only remain eligible to coach for the remainder of the season (with their current team only) once the fine has been paid and all online components are completed. Team staff that have not achieved their Respect in Sport certification by December 1st will only remain eligible to continue in the current season once the fine is paid and they achieve the Respect in Sport certification. Team safety people that have not achieved their Hockey Canada Safety program certification by December 1st are not eligible to continue as safety people until the fine is paid and they receive the Hockey Canada Safety Program certification. **Please Note:** Associations will not incur penalty for team staff that are released from their roster by the December 1st deadline. All releases for team staff must be completed

through the Hockey Canada Registry (HCR). Members may only be added to a roster after December 1st if all certification was completed PRIOR to the deadline.

10. All rostered team officials must have their Respect in Sport certification by December 1st of the current season. In addition, team officials listed as Safety people that have not received the Hockey Canada Safety Program certification by December 1st of the current season are ineligible to continue until the Safety certification is achieved. All teams must appoint a certified Safety person to their roster to continue play.
11. All team officials not trained/certified as indicated in Paragraph 9. & 10. will not be permitted to roster with any new team (including development programs or extended season teams) during the current season. In addition, they will be ineligible to roster in any subsequent season until properly certified/trained.
12. Upon application, at the discretion of the Executive Director, individuals under the age of 22 as of December 31st of the current season will be eligible to assist with teams or development programs as an "Apprentice Coach". Should application be approved, the individual would require the Respect in Sport certification prior to participation with the team. This approval would remain in effect for the balance of the current season - with a 1 year automatic renewal for the following season. Full certification/training is required once the renewal Apprentice Coach term has expired. Teams with Apprentice Coach or Coaches on their roster must have a fully certified/trained coaching staff.

HOCKEY CANADA SAFETY PROGRAM

13. Hockey Manitoba requires every registered team to have a certified Safety person registered on the team's roster by December 1st of the current season. Teams who have no certified Safety person assigned to a team roster by December 1st of the current season will be suspended from membership.
14. A Safety person can only be registered on one team. If a Safety person would like to be on two or more teams (rosters), they must apply to Hockey Manitoba in writing on or before November 30th of each year. Each application must state the teams involved and the season's full rostering. Each request must show that the Safety person can attend all games and practices of each team.
15. Each team in High School must follow Hockey Canada and Hockey Manitoba Safety Program policies.

RESPECT IN SPORT PROGRAM

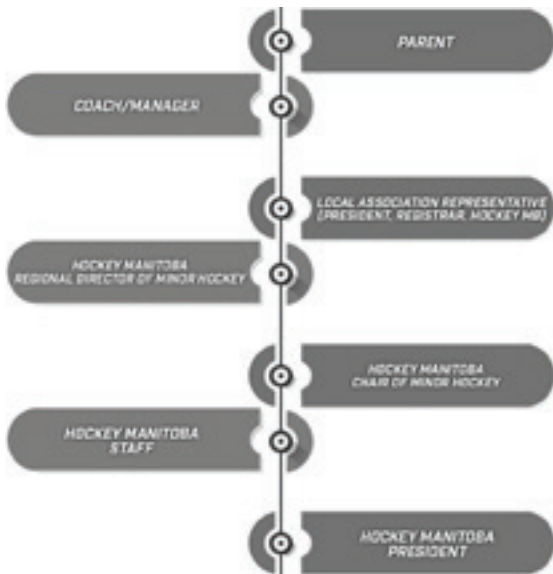

16. An on-line educational program on the prevention of abuse and harassment in

hockey is mandatory for all rostered team officials by December 1st of the current hockey season. Team Officials are required to re-certify with Respect in Sport every five (5) years.

RESEPECT IN SPORT FOR PARENTS

17. Certification for this online educational course for parents must be obtained by at least one parent or legal guardian of any minor hockey player on a Hockey Manitoba roster by November 1st. Should certification not be obtained by November 1st, the minor hockey player will be ineligible to participate in any Hockey Manitoba sanctioned activity until one parent or legal guardian is certified.

COMMUNICATION FLOWCHART

FAIR PLAY CODES

COACHES

18. I will be reasonable when scheduling games and practices, remembering that players have other interests and obligations.
19. I will teach my players to play fairly and to respect the rules, officials, and opponents.
20. I will ensure that all players get equal instruction, support, and playing time.
21. I will not ridicule or yell at my players for making mistakes or for performing poorly. I will remember that players play to have fun and must be encouraged to have confidence in themselves.
22. I will make sure that equipment and facilities are safe and match the players' ages and abilities.
23. I will remember that participants need a coach they can respect. I will be generous with praise and set a good example.
24. I will obtain proper training and continue to upgrade my coaching skills.
25. I will work in cooperation with officials for the benefit of the game.

REGULATION 07 – HAZING

26. "A player, team official, Minor Hockey Association, or any other Hockey Canada Registered participant found, by an investigative process, to have condoned, initiated or, to the detriment of another, participated in Hazing actions or behaviors shall be subject to discipline up to and including expulsion from Hockey Canada registered programs. Discipline must relate to the degree of severity of the incident(s). For greater certainty:
 - a) Any party failing to cooperate with the investigative process may be subject to suspension as determined by the Member.
 - b) All discipline decisions related to Hazing must be approved by the Member.
 - c) All Hazing matters involving Hockey Canada High Performance Programs will be dealt with by the Board.

HOCKEY'S NCCP – HOW IT WORKS

27. The National Coaching Certification Program has moved to a "streamed approach" where coaches will be provided with educational and certification opportunities appropriate for the players who they are working with. As a result of the streamed approach, not all coaches will begin their program at the same place. Coaches will now have the opportunity to enter into the stream of coaching that is appropriate for

the players they coach. Coaches will receive coaching materials that are practical and easy to implement with the players they work with.

28. One of the most important distinctions for this new education/training model is that it is an athlete-centered approach to training coaches. This means that the coaching needs are defined by the needs of the athletes they are working with.

CLINIC OUTLINE

29. All participants are required to register on-line for clinics through the Hockey Canada HCR eHockey System; see the Hockey Manitoba website for detailed registration instructions.
30. The Coach 2 - Coach Level clinic is designed to be delivered as a 4 hour on-line and a 5.5 hour in-person/virtual portion (including an on ice session).
31. The next stream is the Development 1 Certification programs; each course is 20 hours in length concluding with the online Making Ethical Decisions assessment and a field evaluation.
32. Upon successful completion and full attendance of a clinic the participant records are electronically updated in the Hockey Canada Registry (HCR) approximately 1-2 weeks following the clinic. Participants may then log back into their Hockey Canada eHockey account to view/print their certification records. No cards or certificates are sent to participants after clinics.
33. The final stream is the High Performance 1 which is an mutli-day seminar offered in the summer by Hockey Manitoba every two years. The HP1 Seminar consists mainly of presentations and work shopping followed by a written examination, field evaluation and three NCCP online evaluations. The majority of coaches will take up to two years to complete their HP1. Upon achieving "Certified" status, inviduals will need to earn 30 Professional Development points every five (5) years to maintain this status.
34. Hockey Canada's Coach 1 - Intro to Coach program is designed to be delivered as a 4 hour on-line and a 5.5 hour in-person/virtual portion (including an on ice session).
35. The program emphasizes the basic hockey skills: skating, puck handling, passing and shooting. Each skill is introduced and refined in a progressive "one step at a time" manner.
36. Children learn and develop through participating in practice drills and informal and modified games (such as shinny, freeze tag, and obstacle courses).
37. Although the emphasis is on fun and progressive skill development, the Under 7

Program also allows youngsters to experience Fitness, Fair Play, and Co-operation.

38. The overall success of the program relies on the leadership and teaching abilities of the instructors. To assist volunteers, a four (4) hour instructional clinic has been designed to ensure that instructors are fully prepared to present a successful program.

ALTERNATE SEASON HOCKEY

9. Hockey Canada and its branches support the Long Term Player Development model (LTPD) and the need for athletes to participate in other sports. However there are some families that do make hockey their choice for an alternate season. For these families it is felt that in order to make this experience as valuable, safe and fair for the participants as possible, that offering the support of the governing bodies is something that can improve this experience for those who wish to participate.
10. Alternate Season Hockey operates between the dates of April 1 and July 15th. Teams are not permitted to practice, play games or participate in tournaments outside of this designated Alternate Season. For further information on the regulations and registration process please contact the Hockey Manitoba office.
