Subject: Registration is open for the Regional Development Program

Hi [NAME],

Registration is open for the 2026-27 Regional Development Program (RDP) in [REGION].

Across much of Manitoba, families are travelling too far for development hockey and volunteers are stretched thin. The RDP is Hockey Manitoba's answer to that: regions working together so players get quality coaching closer to home.

It's open to U11, U13 and U15 players and runs October through March. Your child stays registered with their local club and stays part of their hometown team. No athlete is cut, and every athlete is welcomed, whether they're chasing AAA or just want to keep playing with their friends.

The commitment is one weekday practice every two weeks, one Sunday a month for games, plus two showcase events during the season.

Register here: [APPLICATION LINK]. [Registration closes DEADLINE.]

Questions? Reach out to [REGION CONTACT NAME] at [REGION CONTACT EMAIL/PHONE].

Thanks,

[REGION] Minor Hockey
