

Player Registration — Social Media Post

Caption:

Registration is open for the Regional Development Program, Hockey Manitoba's development program for U11, U13 and U15 players, running October through March.

Too much travel, volunteers stretched thin. RDP is the answer to that: regions working together so kids get quality coaching closer to home. Your child stays registered with their local club and stays part of their hometown team.

No athlete is cut, and every athlete is welcomed, whether they're chasing AAA or just want to keep playing with their friends.

One weekday practice every two weeks, one Sunday a month for games, plus two showcase events through the season.
